

Statement of Capabilities

Who We Are

Millennium Corporation is a strategic management, cybersecurity and IT consulting firm and committed partner to the Government – driven by results and focused on people as we help our customers achieve mission success. We have a proven record of performance - supported by successful contract results with a broad variety of customers within the ARMY, NAVY, OSD, DHS and other civilian agencies. We offer large company capabilities with the agility and flexibility of a small business – meeting and exceeding evolving requirements. Millennium offers:

- Multi-disciplinary teams of over 200 highly educated solution experts recognized as the best in our practice areas
- Verified (CVE) Service Disabled Veteran Owned Small Business (SDVOSB)
- Operating in 13 States and 21 Locations
- TS/SCI, fully trained cyber operators with years of experience conducting DoD Red Teaming and Offensive Cyber Operations
- Prime and Subcontract access to a broad range of Contract Vehicles
- ISO 9001 Certified with a DCAA Compliant Accounting System
- Dun & Bradstreet Rating of 93%

Our People

Millennium Corporation carefully selects professionals who share passion and intensity in their work. We do not hire for the task, we hire for the health of the company, and for our clients mission.

- 90%** Over 90% of Millennium employees hold a DoD TS/SCI, Top Secret (TS), or Secret (S), security clearance.
- 65%** Over 65% of Millennium staff has over 20 years or more experience in our core areas of expertise
- 40%** Over 40% of Millennium employees are U.S. Veterans who have courageously served our country

Millennium Practice Areas

We have structured our efforts, organization, and resources around four Practice Areas – reinforced by proven methodologies and capabilities and a culture of Security Excellence, Continuous Innovation, Extensive Experience, and Proven Performance.

Cyber Security – the leading contractor providing threat cyberspace operations and offensive cyber capability development to DoD certified and accredited Red Teams.

Systems Engineering – ensuring a solid analytical framework to define, allocate, and manage hardware and software requirements.

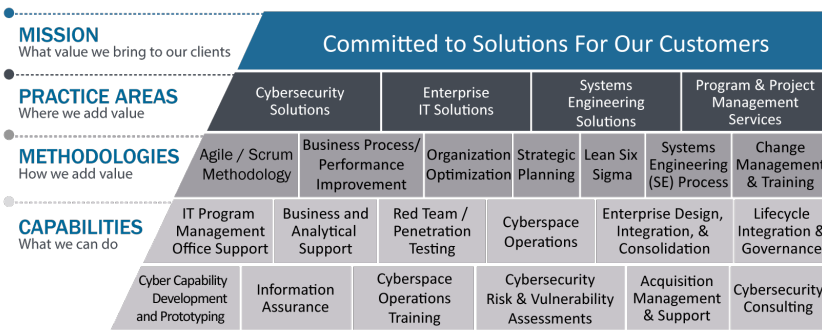

Enterprise IT Solutions – offering a full range of services and solutions necessary to satisfy the support of your organization’s enterprise infrastructure with mission critical Information Technology (IT) services for each phase of the systems lifecycle.

Program and Project Management – providing integrated Program and Project Management (P&PM) Services – assisting our clients at every step of the way, throughout the entire life-cycle of their program.

Business Solutions

Millennium's business model and Practice Areas is built on our capabilities and methodologies, to provide mission solutions.
